

"WAR HINGES ON NAVAL BATTLE"

—ADMIRAL DEWEY.

Says When Two Great Fleets Clash, Question of Supremacy in Far East Will Be Decided.

LESSON FOR UNITED STATES.

Head of American Navy Uses Present Situation as Basis for Argument for Building More Warships.

The Republic Bureau, Washington, April 12.—Whether Russia or Japan shall be the victor in the far East depends in my opinion, upon the result of the battle about to occur between the fleets of Admiral Rozhkovsky and Admiral Togo, said Admiral George Dewey, in speaking of the present struggle.

"If Togo is beaten," he continued, "all the money and the lives that have been spent by his country in Manchuria will go for nothing. The Russians in command of the sea would cut off communication between Japan and the mainland, and the Japanese army in Manchuria would be powerless."

Admiral Dewey has been following the naval campaign with intense interest, not only because he is a man of war, but because of the lessons which it is furnishing, and which will be of the greatest value in the development of the American fleet.

Admiral Dewey has placed in much the same position as the Japanese fleet, upon the sea.

"Think what Japan would give for two or three battleships," he said. "Her national safety would be secured. This is a thing we should take to heart. We have done much in a military way to protect ourselves. What we must do now is to complete our armament, upon the sea."

The Admiral was asked to state how many battleships in his judgment, would be required for the proper defense of the United States.

"The program," he said, "is to have a fleet of forty-eight battleships, not all in a lump, but two or three a year," he replied. "The battleship is the main thing, all the rest are auxiliaries."

"It has been asserted," he said, "that the Navy Department to keep all these ships in commission and this would be an expensive operation. Only part of the fleet would be kept in commission and the others would be held in reserve."

"I do not believe our expenses would be more than \$100,000 per annum. The country could not afford to keep a fleet of fifty ships, and I do not believe we would have had the Spanish War if Spain had realized what a good navy we possessed."

TENSE FEELING FOLLOWS TRAGEDIES AT MINES.

Sheriff and Force of Deputies Succeeded in Averting Clash at Hibbing, Minn.

Hibbing, Minn., April 12.—The feeling at Hibbing tonight is tense, owing to the tragedy of yesterday, in which two miners were shot and killed and several others injured in a strike riot.

The presence of Sheriff Bates' armed force of fifty deputies at the Hibbing mines since a clash this morning has had a salutary effect upon the riot, but the danger is not yet passed.

This evening 30 men employed at the Hibbing mines expressed a willingness to return to work, as they were satisfied with the wages they have been receiving, but that they did not do so for fear of being shot or dynamited by the strikers, who threaten to cut out the mine if the demand for increased pay is not complied with.

The operators of the mines in and near Hibbing tonight threaten to close down all work if there is any further trouble. Mayor McHenry has ordered all the saloons of the city closed pending a settlement of the trouble. The coroner will order an investigation into the death of the two miners, John Lages and Victor Koski, tomorrow afternoon at 2 o'clock.

JOCKEY DOMINICK. ARRIVES IN CITY

Cook's Former Rider Will Appear at Fair Grounds—Terra Firma May Start in Kinloch Inaugural.

Jockeys Eddie Dominick and Joe Wolff reached the city late last night, both boys being in trim for the opening of the Fair Grounds meeting. Dominick stated that he could ride at 15 pounds this season without working himself, while Wolff can score at ninety-five pounds.

Dominick has long been known at the local tracks, having made his reputation here four years ago as the boy who piloted Lady Callahan to so many victories. At that time he was a little youngster, who could ride at seventy-five pounds or about.

Now, he scales considerably more and is here under the guidance of Ole Nelson, who is ready to arrange mounts for him. He is no longer under the charge of Fred Cook. Wolff is a boy who has made a good record on his first season in the saddle.

One feature of the Fair Grounds card, to which Secretary John Hachmiller calls attention, is the fact that nothing less than \$50 purses will be carried for any race with the exception of the daily handicap or overnight event, which will be \$25.

This is for the Kinloch meeting. When the regular Fair Grounds meeting opens there is every prospect that the \$50 and \$75 purses of last season will be again carried for the feature event of each day.

Horses are now filling the barns at the Fair Grounds, and there is no question about the amount of material to be available for the spring meeting. More than 50 horses are already on hand, and the season is for a first-class assemblage of equine stars.

According to all accounts, Ed Trotter and Charlie Thompson, who were with Charlie Thompson on a wet track last season, are in the race. Trotter, a former, who can ride on any kind of going.

That the Goldblatt entry will be favorable in the Kinloch inaugural seems to be the impression among the horsemen. With the string of the Cincinnati, turfmen already on the grounds, with his horse in first place, and with the candidates already named for the big race, which will be run Saturday.

Goldblatt has entered, which will run either in the mud or on the dry. Regardless of the state of the track, he has a strong card in one of his performances. Harney Schuler will be seen with his high-class string as candidates for first honors, but it seems as if the Goldblatt candidate will have the best chance for first honors.

That regular attendance at the St. Louis Fair Grounds will appear in the inaugural. This much is practically settled. Terra Firma has been racing for a reputation for several seasons. He ought to make good this year. He was once touted as the best 2-year-old at the tracks. Now he is a heavy 4-year-old, who surely ought to make a mark this season if he is ever going to do it.

The selection of Ed Magin to serve as presiding judge at the Fair Grounds will meet with general approval. Mr. Magin has long been the most popular handicapper on the local course, and when he presides as presiding judge, in the absence of Joe Murphy, last season, he did such excellent work that the average racer will be glad to see him back in the stand.

Mr. Magin has always stood stoutly for the horse in every race under his jurisdiction, and clean performance will surely be the order of the day when he takes his seat at the Fair Grounds.

CORRETT MAY MEET HANLON.

Fair Wanted for Hunt in San Francisco—Former Champion to Go to Coast.

New York, April 12.—Morris Levy of the New York Athletic club, Secretary of the National Athletic Union, is endeavoring to bring Young Corbett and Eddie Hanlon together again before his club. Levy wired Corbett Saturday offering Corbett a fight with Hanlon, offering Corbett a fight with Hanlon, offering Corbett a fight with Hanlon.

After a conference with George Condit, the San Francisco manager, Corbett declined the offer on account of the date, which would not allow of sufficient training. Corbett has been in town since his fight with Young Erne at Philadelphia last week, but is contemplating a trip to the Pacific Coast, where he is assured of plenty of work for the next four months.

KEEP WILL INSPECT ST. LOUIS SUBTREASURY.

Complaint From San Francisco Causes General Investigation by Assistant Secretary.

Washington, April 12.—C. H. Keep, Assistant Secretary of the Treasury, will leave Washington in a few weeks for a trip of inspection to the Subtreasuries at Cincinnati, St. Louis, Chicago and San Francisco. So far as St. Louis is concerned, the visit will be only an incidental one, the Assistant Secretary looking into general conditions.

Many complaints have come to the Treasury from business men at San Francisco that they were unable to get silver money, and that the Subtreasury there, when desired, and Mr. Keep, who has charge of these matters, has concluded that the best way to find out the cause is to look into them himself.

The Subtreasury at San Francisco has been the cause of much trouble, as they have not the storage space for silver money, and their financial position is exhausted they are compelled to delay redemption until some of their silver money is taken out. A new Subtreasury is to be built, but will not be finished for several years.

CHIMNEY TOPS CAUSE ALARM.

Tenant of Carleton Building Sends in Burglar Call.

Sergeant Kavanaugh, Policeman Dixon and Detective Tom Woodling responded to a hurry call from the Carleton building at Sixth and Olive streets last night in the hope of catching burglars. The burglar, proved to be three or four chimney tops on the roof of an adjoining building. A new Subtreasury is to be built, but will not be finished for several years.

The Carleton building, becoming alarmed, notified the police.

One of the second in a week from the Carleton building, and as on the previous occasion, the police found the same chimney was the art of burglars, taking the building, but found nothing which would excite suspicion.

Change of Venue Asked. An application for stipulation for a change of venue to Warren County was made yesterday in the court of James J. McDermott against Charles Kratz for St. Louis. The alleged signing of Kratz's bond in the homicide case.

The funeral will be held this morning at 11 o'clock at St. Joseph's church, Kane, Ill. D. Crawford officiating, and the burial will be in the Woody Cemetery.

IT TAKES FIVE YEARS TO SERE

Joseph Trucana, Known as "Big Joe," Convicted of Murder and Sentenced to the State Penitentiary.

Joseph Trucana, known as "Big Joe," a former resident of St. Louis, and later proprietor of a fruit store in Edwardsville, was found guilty of murder yesterday and sentenced to twenty-five years in the Penitentiary.

Trucana was in Warden on December 2 last, and became involved in a quarrel with John Kelly's son with two men, who were then from the place. With a heavy wooden chair in his hands he beat Andrew Manning to death and crippled J. P. O'Brien of Litchfield so badly that he was in the hospital for months.

His countrymen in the East Side town rallied to Trucana's support and collected \$100 for his defense. He was represented by Judge David E. Keefe of Carlinville, who did not attempt to prove the Italian's innocence, but devoted all his efforts to saving him from banishment.

FIRE BURNS FOR WEEK BEFORE IT IS DISCOVERED.

Blaze in Coal Mine Near Edwardsville Went Out—Dug Out—Town Viciously Interested in the Outcome.

A fire at Maryville, south of Edwardsville, was located yesterday, a week after it started. The timely discovery was not due to inaction, but rather to the inaccessibility of the mine, which originated in Mine No. 2, belonging to the Donk Bros. Coal and Coke Company of St. Louis.

Last week some of the entries became unbearably hot, and smoke began to issue from the mine. The mine was shut down and a force put to work to find the trouble. This was the first time that the mine had been worked for years.

As it is impossible to put out a fire of this kind with water, it must be literally dug out, and loaded in blazing lumps on cars for removal to the surface.

The mine being the sole support of a town of 200, the fight against the fire is of vital interest to all the residents.

The origin is attributed to spontaneous combustion, owing to the fact that the mine was not properly ventilated, and the other passage for the pumping of fresh air, which had previously been conveyed through this tunnel.

Mr. Rogers has been Deputy Inspector in the Thirtieth District, since June, 1904, when he was appointed by the late General W. H. Foxwell, who then held the collectorship.

He has been one of the most active of the government agents, and his record during the past year has been most commendable. He has been in charge of the arrest of thirteen Alton kidnappers, on charges of robbing banks and holding hostages. He will have charge of fifteen deputies.

ESCAPES DEATH TO LOSE REASONS.

Man Who Fell From Elevator Presumably Dead by Suicide.

Leiter Smith of Edwardsville, who recently fell forty feet from an elevator shaft to a concrete floor, escaped with his life only to lose his mind. Three weeks ago a broken elevator at the Hunter Bros. elevator, precipitated him to the floor.

He sustained no broken bones, and seemed to recover from the effects of the shock all right, but began to wander mentally and is now a patient at the St. Joseph's hospital in Alton. Smith is 31 years old and unmarried.

Della and Jennie Hubbard, aged 17 and 18 years, respectively, were arrested yesterday morning on warrants charging them with assaulting Margaret Floyd, a pretty 15-year-old brunette, daughter of Mrs. Vady Floyd.

A piece of wood, broken from a wagon stake, will be introduced as evidence in the case, which will be tried before Justice of the Peace G. A. Boyne tomorrow morning.

The Hubbards and the Floyds live in adjoining houses on the Island, East St. Louis. Up to the time that a dark-haired, nuttily dressed young man made his appearance at the Hubbard home, it is claimed that all was quiet.

He called on the Hubbards, it is alleged, after he had met them at a dance. He was entertained, and one evening while Miss Floyd was at the Hubbard home he called and they were introduced. Miss Floyd remained during the evening, and a week or so later it is alleged that he called on her. This fact was remarked by the Hubbards, and when he called there again it is claimed that they were told of it.

PARENTS STRUGGLE FOR GIRL IN COURT

Wife, Who Sues Husband for Divorce, Tries to Secure Possession of Four-Year-Old Daughter.

A spirited contest took place in the Courtroom yesterday between Louis A. Bess and his wife, Mary, at the close of the trial of their divorce suit, for possession of their 4-year-old child, Esther.

The case was taken under advisement by Judge Douglas, before whom it was tried. Mrs. Bess is plaintiff and her husband is defendant.

The daughter, who is their only child, sat on her father's knee during the trial. When the case was over, Bess started to depart, leaving the girl. Mrs. Bess approached them, and attempted to take the child, but her husband held the girl and prevented her from getting possession of her.

Mrs. Bess charges that her husband stood out late at night, and on one occasion struck her. He alleges that she failed to prepare his meals and neglected the child.

Mrs. Bess Hahn, in a crossbill, filed in Judge Kinney's division of the Circuit Court, denies the allegations of the petition of her husband, Julius, for divorce, that she associated with strange men and brought them to her home, against his wishes.

She alleges that her husband was jealous and forbade her to recognize men who had been friends of her family for years. She used to go to her home and spy upon her, she alleges.

In the summer of 1903 he invited a young man, his sweetheart, and said that if his wife died she would be a second mother to their child, she alleges. He alleged that he left her and their child at the World's Fair and went with other persons, she states.

According to the statements, the persons to whom he objected were Japanese and Filipino, whose acquaintances were made at the World's Fair. He did not object at first to the foreigners calling at the house, it is stated, but later he did.

Judge Ryan yesterday granted a divorce to Mary Husemann from Gottlieb Husemann, with custody of their two minor children.

Berntha Neal sued George W. Neal for divorce yesterday, charging that he did not support her, and that she had to seek employment. He mortgaged the furniture and she had to pay upon it, she alleged. She asked for the restoration of her maiden name, Price.

Other divorce suits filed yesterday were: Lottin Hight v. William Hight, alleged failure to support and desertion, and Elizabeth H. Starn v. William H. Starn, alleged failure to support.

DEFENDS PRISONER; IS KILLED BY MOB

Mississippi Sheriff Shot to Death by Men Who Enter Jail to Liberate Prisoner Under Murder Charge.

Senatobia, Miss., April 12.—Sheriff J. M. Frog of Tate County was shot and killed today by a mob of men, who entered the jail for the purpose of liberating James Whit, a white prisoner, who is to be placed on trial Monday on a charge of murder.

One of the invading party was wounded. The mob, which consisted of only six or eight men, gained an entrance to the jail before Sheriff Frog was aware of it.

The Sheriff's order that the men leave the jail was met with a refusal, whereupon the officer fired, wounding one man.

The mob then fired on the Sheriff, two bullets taking effect, one passing through the left lung. The mobmen then left, taking their wounded companion with them.

Sheriff Frog died an hour later. The names of the members of the mob are not known. Whit remains in jail.

MOB MEMBERS CAPTURED; TROUBLE IS EXPECTED.

Memphis, Tenn., April 12.—A Commercial-Appel special from Senatobia, Miss., says that four men alleged to have been members of the mob of masked men that entered the jail at Senatobia early this morning and killed Sheriff J. M. Frog, have been captured by the Sheriff's posse and are being brought back to Senatobia.

The streets of Senatobia are thronged with crowds of citizens, and trouble, it is said, will follow when the posse arrives with the prisoners.

The Sheriff's posse has been greatly stirred by the murder of the Sheriff, and feeling runs high against the members of the mob that perpetrated the crime. Residents of outlying towns and farms are flocking to Senatobia in considerable numbers, and tonight the city is abuzz with excitement.

Sam Howell, who is alleged to have been a member of the mob, is reported to be wounded by the Sheriff's posse, and is one of the men captured by the Deputy Sheriff's posse. Howell, it is reported, has concealed himself in the cabin of a negro near the town of Senatobia, and is expected to accompany his companions in their flight.
